The user problem

A personal reading needs context.

01

Interpretation

Birth-chart symbols are hard to read without a trusted voice.

02

Reading path

A long report without a path feels overwhelming.

03

Something to keep

People want a tangible output they can revisit.

Why it's useful

A gentle, honest reading you can trust.

A clear reading path

Guided from first page to synthesis — never a wall of symbols.

In your own voice

AI composes a prose reading in a literary, intimate register.

Something to keep

A luxurious PDF (32+ pages) you can return to for years.

Transparent and symbolic

No prediction, no fate — a frame for self-reflection.

The product journey

A guided reading in three steps.

01

Enter

The user enters her birth date, time and place.

02

Explore

She reads a personalized chart interpretation (planets · houses · aspects).

03

Keep

She downloads a 32-page PDF, elegantly composed, in her name.

Built with Emergent

A connected application.

01

Interface

A React application with a guided user journey.

02

Intelligence

Astrology data + AI-assisted interpretation (GPT-5.4).

03

Delivery

Payment, PDF generation and secure email delivery.
